

Onboarding Cycle Time Targets and SLAs

1. Purpose

This document defines the service level targets for onboarding cycle time by risk rating and business line.

2. Standard Risk Target

A Low or Medium risk case should reach ReadyToTrade within 21 calendar days of the OpenedDate.

3. High Risk Target

A High risk case requiring enhanced due diligence should reach ReadyToTrade within 45 calendar days of the OpenedDate.

4. Stage-Level Targets

Intake should complete within 3 days, Screening within 7 days, DocumentCollection within 7 days and Decision plus Setup within 4 days for a standard risk case.

5. Breach Reporting

Cases that breach their stage-level target are reported weekly to the desk head with the reason for delay recorded against the case.
